

Project Design Phase-II

Solution Requirements (Functional & Non-functional)

Date: 30 September 2026

Team ID: _____

Project Name: Internship Portal System

Maximum Marks: 4 Marks

Functional Requirements:

Following are the functional requirements of the proposed solution.

FR No.	Functional Requirement (Epic)	Sub Requirement (Story / Sub-Task)
FR-1	User Registration	Registration through Form
		Registration using Email
		Registration using Gmail
FR-2	User Login	Login using Email and Password
		Validation of Login Details
FR-3	Internship Management	View Available Internships
		View Internship Details
FR-4	Internship Application	Apply for an Internship
		Submit Application Details
FR-5	Application Tracking	View Application Status

Non-functional Requirements:

Following are the non-functional requirements of the proposed solution.

NFR No.	Non-Functional Requirement	Description
NFR-1	Usability	The portal should be simple and easy to use.
NFR-2	Security	User registration and login information should be protected.
NFR-3	Reliability	The system should work consistently without frequent errors.
NFR-4	Performance	The portal should load pages and display internship details quickly.
NFR-5	Availability	The portal should be accessible whenever users need to apply.
NFR-6	Scalability	The system should support additional internships and users in the future.
