

Acceptance Testing

UAT Execution & Report Submission

Date	03 November 2022
Team ID	PNT2022TMIDxxxxxx
Project Name	Online Event Management System
Maximum Marks	4 Marks

1. Purpose of Document

The purpose of this document is to briefly explain the test coverage, test results and open issues of the **Online Event Management System** at the time of release for **User Acceptance Testing (UAT)**.

The UAT verifies whether the system satisfies the requirements of the intended users, including **Participants, Event Organizers and Administrators**. The major functions tested include user registration, login, event management, event registration, payment, participant management, administration and report generation.

2. Defect Analysis

This report shows the number of identified defects at each severity level and their resolution status during UAT.

Resolution	Severity 1	Severity 2	Severity 3	Severity 4	Subtotal
By Design	0	0	1	0	1
Duplicate	0	0	0	0	0
External	0	0	0	0	0

Fixed	0	1	2	1	4
Not Reproduced	0	0	0	0	0
Skipped	0	0	0	0	0
Won't Fix	0	0	0	0	0
Totals	0	1	3	1	5

Defect Summary

- No critical Severity 1 defects were identified.
 - Minor issues identified during testing were corrected.
 - One issue was classified as **By Design** according to the intended system requirements.
 - No unresolved critical defects remained at the time of UAT submission.
-

3. Test Case Analysis

This report shows the number of test cases that have passed, failed and remain untested.

Section	Total Cases	Not Tested	Fail	Pas s
User Registration & Login	2	0	0	2
Event Management	3	0	0	3
Event Registration & Payment	2	0	0	2
Participant Management	2	0	0	2
Administrator Management	2	0	0	2
Reports & Dashboard	2	0	0	2
Performance & Error Handling	1	0	0	1
Total	14	0	0	14

UAT Result

14 out of 14 test cases passed successfully.

Therefore, the major functional requirements of the Online Event Management System were accepted during UAT.

4. Exception Reporting

Exception	Number
Critical Exceptions	0
Major Exceptions	0
Minor Exceptions	0
Total Exceptions	0

No critical or major exceptions were identified during the final UAT execution.

5. Final Report Output

Report	Status
User Registration Report	Successfully generated
Event Registration Report	Successfully generated
Participant Report	Successfully generated
Payment/Registration Details	Successfully recorded
Admin Dashboard	Successfully displayed

Final UAT Status: ACCEPTED

6. Version Control

Version	Date	Description
1.0	03 November 2022	Initial UAT release
1.1	03 November 2022	Minor corrections and final testing

7. UAT Conclusion

The **Online Event Management System** was tested by covering the major functional requirements of Participants, Event Organizers and Administrators. User registration, login, event management, event registration, payment, participant management, administration, dashboard and reporting functions were successfully tested.

All **14 UAT test cases passed**, and no critical or major exceptions remained. Based on the completed testing, the system was considered ready for final submission and release.
